**“highest
recommendation”**

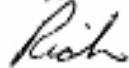

Dear Charles:

It is our pleasure to provide the following to be used as a letter of recommendation or in the promotional material you are anticipating.

The Gainsborough Group, Inc. gets our highest recommendation. They committed to our project knowing the short time line we had to work with and came through for us. Renovations were completed on schedule and under budget thanks to their management of the project. Everything they indicated they would do they did and then some.

Thank you for all you have done.

Sincerely,

Richard C. Henricksen
District Business Manager
